Subject: Assault on mail box

Time: 8:30 p.m. approx.

Witness: Paul Stup, who was trimming shrubbery.

4 boys in light blue 4-door sedan, riding on Old Receiver Road. Car thought to be either Pontiac or Oldsmobile, about 1969 model. Mr. Stup thought noise was cherry bomb, but saw one of the boys swing his arm out the window of the car as though he was tossing something. When the boys saw him, they took off rapidly along Old Receiver, past his house and on up the road, too fast for him to get the license number. He would recognize the car should he see it again.

Damage: The side of the new large mailbox is bashed in by what would seem to be a blow from a beer bottle which is lying in the ditch.
